Dear Carol -
Hey little mama - we didn't have any classes together this year (except for one week!) What a bummer! But you know, I still think we're pretty good friends. At least, I consider you a very good friend. Our friendship is really funny. We don't have classes together or do things together but it's sort of understood that we're friends. You have so much Carol. You are so cute & considerate & just lovable. I hope we have some classes together next year. Have fun this summer. God be with you,

Dear Carol,

I've really enjoyed getting to know you this year. You are really a fantastic person - I mean that. You're always calm & got along with everybody (even K.)! I wish I could get real huffy & think that I had really shown a Christ-like love toward you, & really been a good example - but I can't!! I know that I feel a Christ-like love towards you - but I don't show it & for that I am sorry. Co for any "example" I've shown you a lot of character traits to avoid - but, I can in all honesty say that I have learned a lot from you. By the way you act everyday, by the way you react to disappointments, or hard tests, and the way you handle people who are sometimes a bit of a problem - by all this, I can tell that you really do have a sincere love for The Lord in you. It shows - it really does.

We had a lot of fun together tearing Mrs. Dorsey & watching Mrs. Richardson & working! Please keep in touch.

Love in Jesus our Lord,

Libby

Count the good things you've got going.

Maybe it was easy, maybe it was tough. Either way, it's good to have the high school years behind you. Now you can do and be just about anything you choose. You've got a lot of good things going, a lot of them on electricity. Music is only one example. Electricity brings your favorite artists right into your own home, lets you enjoy them anytime, day or night, on your radio, stereo, or TV set. You've got a lot of other good things going on electricity besides music. We don't have to tell you. Just look around. That's why Dallas Power & Light plans and builds ten years ahead. We intend to keep your good things going.

Life gets better electrically.

WHAT'S wrong with this world is, it's not finished yet. It is not completed to that point where man can put his final signature to the job and say "It is finished. We made it, and it works." Because only man can complete it. Not God, but man.

Carolina
Hi! You're
crazy, but I
won't say anything.

gonna do next year without a class
to have parties in every other day? See
ya later. Love ya,
P.S. Ya spell yar name funny Carole

Dear Carol,
What would I have done without you
this year in English?? We've really been
through a lot together. I feel that our
friendship through Christ is really
something to cherish, and I do. I'll
never forget all the wonderful times
we had this year!! I'll see you
this summer at Bachthus and
next year in some of your
classes, I hope. Stay close
to the Lord.
Love in Christ
Cindy H.

Carol,
It has been
a wonderful year.
I am so glad you
invited me to the formal
this year. You don't know
how much I enjoyed being there
with you. I am still hoping to play
tennis with you some day so don't forget
me any time you need a partner. Next year
should be a lot of fun being seniors and all and
the many activities. Perhaps we will be in a few
classes together. I hope to see you this summer!
and do have a beautiful summer!

My love always,

Carol - it's been
great having you in
English this year - The
candy bars were refreshing
- Wolfe is a very unique
teacher - don't you think so -
Have a cool summer &
be good - see you next Jr
